

How Can I Improve My Grade?

Retake the Unit Tests...

Unit 5: Exponential and Logarithmic Functions (Chapter 5 in the text book)

Unit 6: Power, Quadratic and Polynomial Functions (Chapter 7 in the text book)

Unit 7: Rational Functions (Sections 9.6, 9.7, and 9.8 in the text book)

1. Write a Unit Review. This must be **HANDWRITTEN** and **LEGIBLE**.

It must include:

- A summary of what was learned in the unit, in paragraph form
- A list of key words, with a definition
- A list of key formulas or properties
- A description of techniques used to solve problems
- At least 8 sample problems from the unit used for review. These can be problems from the book or worksheets. They must be worked out and include a sentence of why you chose that problem.

2. Bring in your Unit Review and schedule a time to retake the chapter test, at least 24 hours in advance.

3. Retake the Unit Test.

★ ★ All Retakes must be completed before the end of the day on Friday May 27th. ★ ★

~ A unit summary may be used to make up homework grades ~

~ You must retake a test to change your test grade and a unit summary needs to be turned in to retake a test ~
